Who We are (Our Mission and Values) and Training Purpose

Our Mission: HMM-Indiana seeks to modernize Indiana’s HIV criminal and related public health laws.

Our Rationale: Deeply outdated and lacking in scientific merit, these laws lead to unfair prosecutions, stigmatize “Hoosiers” living with HIV, and are counterproductive to ending the HIV epidemic in Indiana.

Our Brochure (Also in Spanish): <http://hivmodernizationmovement.org/brochures>

Our Values: We value MIPA -- the Meaningful involvement of people living with HIV: This means that we involve PLHIV at the center of leadership and decision-making efforts. We value PLHIV as the key subject matter experts on HIV criminalization. ** We also value the critical role of allies to successfully modernize Indiana HIV criminal laws. We cannot do this alone.

MIPA Fact Sheet: <https://tinyurl.com/MIPAHIV>

Training Purpose: The purpose of this training is to strengthen advocacy skills among people living with HIV to help end HIV criminalization in Indiana.
